Outdoor Furniture Specifications

Sunbrella Fabric

Sunbrella is well known throughout the industry for its outstanding outdoor performance in marine applications. Sunbrella Outdoor Furniture Fabrics combines its unique yarn technology with a wide selection of classical and contemporary patterns.

V Legal Teak

A naturally high oil content that makes it ideal for use outdoors. It is extremely hard wearing and very resistant to rotting and the effects of natural elements.

Sunproof Fabric

Sunproof is an established outdoor fabric manufacturer based in Indonesia. All of Sunproof's fabrics are made with Solution Dyed Olefin- acrylic and are engineered with ultraviolet blocking agents that resist fading; ensuring consumers will enjoy their outdoor furniture for years to come.

Quick Dry Foam

We use Quickdry Foam on the majority of our outdoor furniture and combine this with drainage mesh on the underside of our base cushions to allow any moisture to pass through the cushion enabling it to dry quicker and minimise issues with moisture and mould.
