

Australia's destination for artificial flora, home décor & furniture.

A Note from Our Founder, Christopher Torner
CEO, Elme Living

As we welcome the upcoming 2027 season, I'd like to sincerely thank you for your continued trust and partnership with Elme Living.

For more than 30 years, this industry has been my life's work. I began my career as a floral importer, where I developed a deep appreciation for craftsmanship, attention to detail, and the transformative power of thoughtful design. Those values continue to shape everything we do at Elme Living—not only in the collections we create, but in the way we support the retailers, designers, florists, and businesses we are privileged to work alongside.

This season celebrates the effortless beauty of spring and summer, bringing together fresh colour, organic textures, and timeless design. You'll discover abundant florals in soft blush, delicate ivory, warm apricot, and vibrant berry tones, complemented by lush greenery and sculptural stems that add depth, movement, and natural elegance. Our furniture and home décor collections embrace tactile materials, refined finishes, and contemporary silhouettes designed to create inviting spaces that feel both relaxed and sophisticated.

Our Made to Order Upholstery collection continues to grow, offering more than 30 fabric options to help you create beautifully tailored pieces for every project and customer. From timeless neutrals to rich earthy tones and statement colours, each piece is designed with both style and longevity in mind.

Whether you're curating your showroom, styling a commercial project, or creating inspiring retail displays, we hope this collection offers products that combine enduring quality with fresh seasonal inspiration. Every range has been thoughtfully designed to help you create spaces that feel welcoming, memorable, and uniquely your own.

With a passionate team, and an unwavering commitment to quality, innovation, and service, we are proud to partner with you for another exciting season. Thank you for being part of the Elme Living community and for allowing us to be part of your journey.

Here's to a successful partnership in 2027, a season filled with creativity, connection, and endless inspiration.

Warm regards,
Christopher Torner

DELPHI

Transform your living area with the Delphi that showcases elegant curves with its uniquely organic-shapes. Expertly crafted to look like a plaster or micro cement finish, the Delphi range is made with a MDF, iron, and wood frame and a unique lime plaster. The Delphi showcases its natural beauty through its unique texture. It is also sealed with a protective matte finish for an elegant and refined appearance. Delphi showcases the distinct beauty of lime plaster furniture, where classic charm blends with contemporary sophistication.

FEATURES

- Made from MDF and wood, finished with Pure White Lime plaster finish and a clear matt lacquer.
- Each piece features individual colors, shapes, and hand marks, with slight variations in shape, finish, and color, highlighting the skilled craftsmanship and adding to the uniqueness of every item.
- Features magnet closures on cupboards and a handle-free design for a sleek, uncluttered look.
- The buffet includes media holes, making it suitable as a media console.
- The coffee table is available in three sizes and can be displayed alone or as a cluster for a dynamic, layered effect.
- Designed for indoor use, ensuring optimal durability and aesthetic appeal.
